

## ART CHANGES LIVES

The Arts have a powerful way of enriching the lives of those fortunate enough to experience it. However, some in our community would not be able to experience the gift of Art if it were not for the free exhibits and outreach programs offered by the Eastern Shore Art Center.

Please consider the following items on the 2012 Wish List for the Art Center. You may grant a wish by donating personally, on behalf of a business or, perhaps, by forming a group of individuals who would like to join forces for a specific purpose. While monetary gifts are most certainly needed and appreciated, the Art Center is also grateful for in-kind gifts and services. By having these wishes granted, the Art Center will be able to expand its service and spread the joy of art to an even broader community.
